

THE ENGINEERING OF  
**sport11**  
2016 ISEA CONFERENCE

**11 - 14 | 07 | 16**

THE 11TH CONFERENCE OF THE INTERNATIONAL SPORTS ENGINEERING ASSOCIATION

# WORD OF WELCOME

It is my great pleasure to invite you in supporting the eleventh conference of the International Sports Engineering Association. The 2016 conference will be the first ISEA conference to be held in The Netherlands and, based on the reputation of the Delft University of Technology, promises to be a huge succes. The committee invites support from all areas and all types of companies. With your help we can organise a fantastic event with scientific and commercial benefits for many parties.

We hope you share our enthusiasm and would be delighted to meet you on the 11th of July 2016.

Frans van der Helm  
*Committee Chairman*

- Final full paper submission **1 | 5 | 16**
- End of Early Bird registration **15 | 6 | 16**
- Payment deadline presenting authors **15 | 6 | 16**

# INFORMATION ON DELFT

*Delft is a picturesque and typically Dutch city, with approximately 100,000 citizens. Internationally, the town is known for its canals, Delft Blue pottery and painter Johannes Vermeer. Above all, Delft is a city full of life and education. A big part of this, are the 25.000 students attending the TU Delft. The atmosphere in the city is famously open and vibrant.*

## university

Delft University of Technology, or TU Delft, is the oldest technical university in the Netherlands. Since the foundation in 1842, it has developed into a prestigious establishment for research and education. Today, Delft University of Technology has a leading global reputation. The university consists of eight faculties, offering a total of 14 bachelor programmes and more than 30 master programmes.

Delft University of Technology is a venue that guarantees inspiring meetings and the transfer of knowledge to the highest level. The city's University of Technology has earned its excellent reputation by inventing solutions for the challenges of tomorrow and creative thinking out of the box. That is exactly what makes the University's conference location an outstanding multifunctional venue that prides itself for giving conferees what they need and more.

## transportation

The railway tracks around Delft are among the busiest in the Netherlands. The city has two stations; Delft and Delft Zuid. Trains depart in the direction of Rotterdam and The Hague/Amsterdam every few minutes. Shuttles can be hailed to bring you to the university from Delft Zuid. The Dutch railways offers bike rentals at Delft station. Taxi's, trams and buses also depart from that station. The auditorium of the TU Delft has ample of parking space for those wishing to come by car. More detailed transportation information and directions will be provided in a later stage.
